EXPLANATORY REMARKS.

The regular lots in the Cemetery are 18 feet North and South, 16 feet East and West. If 4 lots are taken together, each lot will be 18 feet square, the 4 making a square of 36 feet as seen in the diagram, but if enclosed separate a space of 4 feet will be left, running North and South. Parts of lots that are not numbered in the diagram, if taken with the lot that joins it will be the same number, but if disposed separately will be designated by adding half.

The space or road through the centre is 24 ft. wide, passes round a circle 40 ft. across the centre, and a well in the centre of said circle; the road around it is 12 ft. wide. The South Avenue joining the Highway is 9 feet wide; the North 8 feet; East and West 7 feet each; 4 running East and West 6 feet each; the Avenues running North and South, the 4th from the road through the middle, both East and West is 7 feet each; the rest is 4 feet.
